01 PROFILE

Driven Web development student (4th semester B.Tech) with a passion for tackling complex challenges. Proven ability to build user-friendly web applications from scratch using HTML, CSS and JAVASCRIPT, while maintaining clear communication and fostering collaboration within teams. Eager to leverage my skills and enthusiasm to contribute to Web development. I am also learning new skills to upskill my web development journey by learning figma for animation and also taking a step towards Application development.
